CFUnited Podcast: Interview with Ben Forta

Hosted by Christian Ready

Description

At CFUnited 2007, I spoke with some of the speakers and attendees alike to talk about how they were enjoying the conference, what they found exciting in ColdFusion 8, and what they got out of CFUnited.

In this interview, I sit down with Ben Forta from Adobe Systems on Wednesday morning just after his keynote address. Ben talks about the then-upcoming release of ColdFusion 8, its impact on the community, and the future of ColdFusion.
