I am taking suggestions for CFUnited Pre-conference classes now until January 15th.

We plan to have 8 full day classes. 4 classes listed each day. 9am-5pm. Lunch included. Students must provide own laptops or rent them. Unless we find a sponsor for providing equipment.

If you have an idea for a class, add comment to this blog post or email liz(at)cfunited.com.

Joe Rinehart and Simon Horwith will be scheduled to give a class on Flex for ColdFusion Developers. New title coming soon. Not sure if it will be on Day 1 or Day 2 of pre-conference classes. Seating will be limited to 30 only. Registration will be posted in a couple weeks.

Thanks for submitting ideas.
