We are releasing the Call for Speakers. This round of picks will end on October 31st (10/31/07). We will choose 50% of the topics that will be presented at CFUnited.

Wondering why so early? Many attendees like to plan ahead for a major event like CFUnited, also we can see what types of topics we need to fill in with other speakers. Another round of call for speakers will occur November-January.

Please submit your ideas for topics now! http://callforspeakers.cfconf.org/? event=suggest&eventId=170
