Get trained only 2 days before CFUnited!

[Core ColdBox](#) is our 2-day flagship intensive training course that will get you started with ColdBox even if you have no previous OO experience. The course is constructed in such a manner that both gurus and novices can take advantage of this course. For more course and location information visit our [page](#).

All training sessions are conducted by ColdBox core developers and experts in application development using the ColdBox Platform. This course will provide you with all the in-depth knowledge necessary to succeed in designing, building and maintaining ColdBox applications. **Get your technology edge and sharpen your ColdFusion skills!**

Click [here](#) if you would like to register for this course with the special CFUnited discount code (cfunitedRocks).
