We've been working with Adobe on releasing a CF8 Tag Poster. The CFUnited Team along with TeraTech's development team spent the last 6 months to put together this fresh new poster.

The plan is that Adobe will send a number of copies to user groups. More details about when these will be delivered will come from Rachel Luxemburg shortly.

The CFUnited team has received copies and will be distributing them during CFUnited Express and other sponsored events. More details soon about which cities we will be visiting next! Including CFUnderground in San Francisco CA November 16th. We are doing a call for speakers now! Email liz@cfunited.com to apply. Website for this event will be released soon.
