CF Meetup: "Design Patterns and ColdFusion", with Sean Corfield

Thursday, December 13, 2007, 6:00 PM

Online meeting via [Adobe Connect](#)

Come find out what design patterns are really about and how they can make your life easier. (You're probably already using some design patterns, although you may not know it.) For this session, we have distilled decades of software engineering experience into a well- documented set of blueprints that can be applied to common problems to ensure clean, maintainable code.
