The team behind CFUnited is proud to sponsor BFusion & BFlex '08.

<http://bflex.info/>

This is a two day FREE event with a CF on one day and Flex on the other.

ColdFusion - Saturday, September 6th, 2008 Flex - Sunday, September 7th, 2008

HIGHLIGHTS

3 Reasons to attend

1. We are donating 200 Tag Posters for attendees of this event. We will also bring tag posters for every CFUnited Event and Sponsored Events, Including CFUnderground!
2. Attendees of BFusion will receive awesome discounts to several of our events.
3. One of our very own team members is an amazing speaker, Elliott Sprehn.

Elliott is a software engineer at TeraTech, Inc. and the lead developer for the Conferences department. He has worked on a variety of projects that include network services, realtime messaging systems, survey processors and most commonly web applications. As a strong advocate of web standards and accessibility he volunteers his free time to help new developers learn standards and best practices. He is also proponent of design patterns and draws his vision about application design from experience with many languages that include ColdFusion, Java, ruby and php.
