CF Meetup: "Configuring, Using and Extending Savvy Content Manager", with Joshua Cyr

Thursday, December 20, 2007, 12:00 PM

Online meeting via [Adobe Connect](#)

Learn how easy Savvy Content Manager is to deploy, then learn how to extend with your own ColdFusion code. Savvy CM is the leading low cost commercial CMS in use by many CF shops today. More information on Savvy CM can be found at <http://www.besavvy.com/>
