Just wanted to thank Ben Nadel, Peter Bell, Michael Dinowitz, Javier Julio, Andrew Schwabe and Simon Free. They put on a great show at Pace University Last Monday, April 20th.

Pace University was a different venue and we enjoyed working with them. We plan to look into other Universities in the future for Express events.

It was great to have my whole team present and even some of my advisory board members. What a great way to end the first string of Express events. We brought up more ideas for CFUnited and chatted with everyone about what to expect in August.

All Express attendees. Remember my deal if you register by April 30th and don't forget to take advantage of your special discount!

Thanks everyone and we will be sure to visit in NYC again soon.
