## **Announcing Women Speakers**

Posted At: April 28, 2009 11:52 AM | Posted By: Liz Frederick Related Categories: topics, conference, speakers, website, community

Here are the list of women speakers that have been chosen to present their topic at CFUnited!

Dee Sadler - "Flash Catalyst round trip wireframe"

Lisa Heselton - "Rapid Application Prototyping w/Captivate"

Rachel Lehman - "Keeping Front End Dependencies Under Control"

Huyen Dao - "Divide and Conquer: Greenthreading in Flex/AIR"

Gail Shoffey - "Payment Processing Paradigm"

Selene Bainum - "eCommerce: Build or Buy"

These topics will be listed on the main site momentarily. Help me publicly congratulate all the ladies for submitting topics. I'm very excited to have them speaking at our conference.

STATISTIC: 14% of the current registrations for CFUnited are Women!
