At Midnight on Halloween night, I will close the call for speakers and view only those who have submitted on time. The topics submitted are outstanding this year.

The track chairs will be chosen and announced in the next week or so and they will aid me in the decisions. Advisory members will be helping me choose the track chairs as well as suggesting which topics to accept.

Your last chance to submit a topic for early pickings! http://callforspeakers.cfconf.org/?event=suggest&eventId=170
