We have a new speaker added to the RIA Track.

"Creating Images With Flex and ColdFusion" Scott Stroz

Scott is a Senior Software Architect at Alagad. He has been working with ColdFusion since version 5 and has been a Macromedia/Adobe Certified Advanced ColdFusion Developer since ColdFusion MX. He has developed and fostered a passion for Flex, and her half-sister AIR. He is the author of Flogr, a Flex based ColdFusion log reader. Scott is also a blogger, author and frequent speaker at User Groups and conferences on various Flex and ColdFusion topics.
